

The C-LIGHT 100G AOC Active Optical Cable, built on the QSFP28 form factor and 850nm VCSEL laser technology, delivers outstanding performance in power consumption, interference immunity, ...

By a competitive way of alternative to discrete optical transceivers and fiber patch cords, our 100G active optical cable are ideal for establishing 100Gbps connections between racks and adjacent racks.

Upgrade your network with our high-speed 100G QSFP28 AOC--experience lightning-fast data transmission. Shop now for reliable performance!

Experience seamless 100G data transfer with Innoptical's QSFP28 active optical cables. Enjoy low power, high-reliability and seamless integration to ensure your network performance.

FS offers a growing portfolio of 100G QSFP28 modules. The 100G QSFP28 module solution provides high-performance 100GbE connectivity for data centres, ...

Maximum link length of 150m links on OM3 multimode fiber. High Reliability 850nm VCSEL technology. Electrically hot-pluggable. Case operating temperature range:0#176;C to 70#176;C. Power dissipation &lt; 2.5 W ...

Collection of High Speed 100G data rate DAC and AOC connectivity cables with QSFP28 format

Supports 103.1Gb/s aggregate bit rate. Hot-pluggable QSFP28 form factor. Available in lengths of 1 to 100 meters. Low power consumption.

The 100G QSFP28 Active Optical Cable (AOC) is a high-speed, active optical interconnect solution designed for short-range data communication and interconnect applications.

Among the various high-speed optical form factors available today, 100G QSFP28 Transceivers have emerged as the industry standard for delivering reliable, cost-effective 100-gigabit Ethernet links ...

FS offers a growing portfolio of 100G QSFP28 modules. The 100G QSFP28 module solution provides high-performance 100GbE connectivity for data centres, enterprise core & distribution layers, ...

QSFP-100G Optical modules Features and benefits of Cisco QSFP modules Hot-swappable input/output device that plugs into a 100G Gigabit Ethernet Cisco QSFP port. ...
