

The LightBend 4x4 Series fiber optic switch connects optical channels by redirecting any of four incoming optical signals into any of four output fibers. This is achieved using a patent-pending opto ...

4 Gigabit electrical ports + 2 Gigabit FX optical ports industrial Ethernet switch, supporting 4 100Base-T/1000Base-TX electrical ports and 2 1000Base-X optical ports. Products comply with FCC, CE, ...

This Photoelectric Switch is controlled by infrared ray, as a proximity sensor switch, consists of a light emitter and a receiver. A proximity-sensing (diffused) arrangement is one in which ...

The fastest, smallest, most reliable optical switches in the industry. Used in medical devices, undersea cables, quantum computers, underground and outer space.

GEZHI Photonics" 4x4 Mechanical Fiber Optic Switch (4x4 Optical Switch) support all wavelength at 1260nm~1650nm or 850nm Multimode wavelength, it offers ultra-high reliability, low insertion loss, ...

With just a light touch, these switches turn circuits on and off in sanitary areas--even when you're wearing gloves. They're ideal for environments that require frequent cleaning, such as food and ...

Mouser is an authorized distributor for many optical switch manufacturers including Broadcom, Omron, onsemi, Sharp Micro, TT Electronics, Vishay & more. Please view our large selection of optical ...

Discover reliable photoelectric switches for automatic outdoor lighting control. Find dusk-to-dawn sensors that activate at sunset and deactivate at dawn.

Here is an opto-mechanical optical switch with one input port and four output ports, that is, a 1 x 4 Optical Switch). As with any other type of switch, the optical switch has many uses, ...

GEZHI Photonics" 4x4 Mechanical Fiber Optic Switch (4x4 Optical Switch) ...

The LightBend 4x4 Series fiber optic switch connects optical channels by redirecting any of four incoming optical signals into any of four output fibers. This is achieved using a patent-pending opto ...
