

4 0 Flexible Fiber Optic Cable

Step into the future of USB with the LONGON CABLE USB4 active optical fiber Cable; USB Type C cable supports the USB4 standard for up to 40Gbps of bandwidth, 8K video support, and up to 100W ...

Belden's extensive line of indoor and outdoor cable products is offered in tight buffer and loose tube designs. Armored, burial, and ruggedized designs are suited to a host of industrial environments.

Shop DigiKey's large in-stock selection of Fiber Optic Cables. View inventory, pricing and order now for same day shipping!

By utilizing advanced multi-mode optical fiber technology, the OWC USB4 Active Optical Fiber Cable is built for bandwidth intensive applications that require stable, consistent signal transmission and ...

CommScope designs and manufactures a comprehensive line of fiber optic cables--from outside plant to indoor/outdoor and fire-rated indoor fiber cables.

Designed for structured cabling, increased deployment efficiency, and higher adaptability and flexibility in a smaller space. Designed to interconnect or cross connect fiber networks with high quality and ...

Equipped with 4 fiber strands, enabling multiple data streams to be transmitted simultaneously. Transmit signals more efficiently over longer distances, with lower attenuation and interference. Support ...

These leading-edge cables are compliant with USB4 Gen 3x2, providing nominal dual-lane data transfer speeds of up to 40 Gbps, twice the bandwidth of current USB 3.2 cable solutions.

If you need to route the fiber cable through bulkheads or want flexibility on the length, two MSP4M-1M Optical Pigtails can be combined with one of the available MTFCCFF x4 Optical Patch cables to create ...

Multilink's SpeedFlex Push Fiber is a strong but flexible fiber cable designed to be installed in rigid and flexible conduit, along with the ability to be stapled directly to the wall.
