

SPECTRO is a preferred manufacturer in many industries, such as metals, chemicals, petrochemicals, environmental, pharmaceuticals, geology, food and more. Our analytical solutions help achieve ...

Labtron is a leading manufacturer of Spectrometer, featuring a durable chamber with full-digital optical spark systems and user-friendly software for seamless data manipulation, ensuring high accuracy.

Our testing center for Aluminium Extrusion Profiles is equipped with the world's advanced instruments such as America ageing resistance instrument, British salt spray test machine, Germany direct ...

IAS Analytics, headquartered in Los Angeles, California, is a manufacturer and supplier of near-infrared (NIR) spectroscopy instruments and solutions. The company's products includes NIR spectrometer, ...

With Spectra Aluminum, you benefit from our Single Source advantage, streamlining your supply chain. We provide a comprehensive range of aluminum products and services in-house, including design, ...

Since 1934, our company has set the standard of quality for spectrochemical analysis of metals. Throughout these years, accuracy, performance, stability, reliability, and longevity have been the key ...

Its record of reliability has helped make SPECTROMAXx perhaps the industry's best-selling arc/spark optical emission spectrometry (OES) analyzer. Its fast, accurate, cost-effective measurements add ...

Find your metal analysis spectrometer easily amongst the 39 products from the leading brands (Bruker, LECO, Shimadzu, ...) on DirectIndustry, the industry specialist for your professional purchases.

Bulk hydrogen content in aluminum alloys impacts several critical properties including ductility, tensile strength and porosity. Arconic is setting a new standard, Alu-H2(TM), that will help you accurately ...

Discover top-rated spectrometer aluminium solutions for accurate elemental analysis. Find portable, durable, and high-resolution devices with advanced features like wireless data transfer and AI ...
