Burkina Faso Gyta 53 Optical Cable

The optical GYTA53 cable is the armored fiber optic cable of the steel tape for direct burial. The GYTA53 fiber cable consists of a loose tube that twists around the central resistance element.

GYTA53 Layer-Stranded Reinforced Armored Double Sheathed Optical Cable ...

GYTA53 Outdoor optical cable for communication featuring a metal reinforcing member, loose tube stranded and filled, aluminum-polyethylene bonded sheath, longitudinally wrapped corrugated steel ...

After the PSP is longitudinally applied over the inner sheath, the cable is completed with a PE outer sheath. GYTA53 cable complies with Standard YD/T 901-2009 as well as IEC 60794-1.

The GYTA tubes are filled with a water-resistant filling compound. A steel wire, sometimes sheathed with polyethylene (PE) for cable with high fiber count, locates in the center of core as a metallic strength ...

This document describes an outdoor optical fiber cable for communication networks. The cable contains metallic strength members, stranded loose tubes filled with an aluminum-polyethylene inner sheath, ...

GYTA53 Layer-Stranded Reinforced Armored Double Sheathed Optical Cable This is a strong outdoor fiber optic cable. It works underground and in tough places. It has steel armor and double PE ...

The design of the Gyta53 cable makes it particularly suitable for environments requiring high protection and durability, like buried or aerial installations. Its double sheath offers good ...

GYTA53 fiber optic cable is specifically designed for direct burial and outdoor applications. It features a steel tape armor for enhanced protection. This type of cable is suitable for long-distance ...

Outdoor Armored Optical Fiber Cable GYTA53,200um or 250um Bare Fibers, are positioned in a loose tube made of a high modulus plastic. The tubes are filled with a water-resistant filling compound.

GYTA53 fiber cable consists of 250um fibers held in gel-filled PBT loose tubes, and wrapped around a phosphatized steel wire central strength member. A waterproof compound fills the ...
