

MultiLane is a leading-edge high-speed test and measurement company, headquartered in Lebanon, with offices in the United States and China. MultiLane's broad portfolio includes test solutions for ...

Direct Attach Copper (DAC) and Active Optical Cables (AOC) for 10G to 400G data center connections. Breakout cables available. Cisco, Arista & Juniper compatible. OptiLink -- Lebanon & Middle East.

These cable assemblies support aggregate data rates of 25, 50, 100, 200, 400 and 800 Gbps. We offer custom cabling solutions and corresponding pluggable I/O cages and connectors.

Compared to optical fiber and cable components, SFP+ direct copper cables provide a cost-effective solution for short-distance data center interconnection applications.

The Colored 10G SFP+ Twinax Cable is an exceptional choice for anyone needing high-performance connectivity with both speed and reliability. This cable is perfect for data centers, network upgrades, ...

LINK-PP provides a comprehensive selection of high-speed DAC (Direct Attach Copper), AOC (Active Optical Cable), and AEC (Active Electrical Cable) interconnects for top-of-rack (ToR) and rack-to ...

Leading Lebanese manufacturer of high-quality electrical cables for all applications.

High-speed I/O passive cable assemblies that can deliver data rates as high as 400 Gbps with a variety of lengths or customized options for greater design flexibility.

High-speed Volex Direct Attach Copper (DAC) cables deliver reliable, energy-efficient data transfer for data centers. Customizable, tested and ready to deploy.
