

Compatible QSFP-DDDFB Distributed Feedback Laser Singapore Supplier

Our high power distributed feedback laser (DFB) is an InGaAs/InP multi-quantum well (MQW) laser diode. The module is ideal in applications where low relative intensity noise (RIN) and ...

We specialize in lasers, optics and laser machines: CO2 lasers, fiber lasers, DPSS lasers, diode lasers, fs/ps lasers, microchip lasers, red/blue/green lasers, single-frequency lasers, and superluminescent ...

The QSFP-DD transceiver is a new optical module comparable to the current QSFP but adds an extra row of contacts for an eight-lane electrical interface. All QSFP-DD-based transceivers ...

With versatile, hermetically sealed packages like HHL, TO-can, and fiber-coupled options, our customizable DFB laser diodes ensure precise spectral control and reliable integration into advanced ...

We, Sintec Optronics Pte Ltd, are a Singapore-based supplier of a wide range of photonics products (lasers, optical components, laser parts and relevant accessories). We provide various high-quality ...

FS offers a growing portfolio of 400G QSFP-DD module solutions featuring high-performance, high-bandwidth, and cost-effectiveness. The 400G transceivers are ideal for 400GbE and data centers.

We are a leading company in Singapore to provide quality laser systems & optical components and excellent services at attractive prices. We always try our best to make our products reliable, safe, ...

Generic Compatible 400G-LR4 QSFP-DD PAM4 Optical Transceiver Module (SMF, 1310nm, 10km, LC, DOM) The 400GBASE-LR4 module, Duplex LC connector, up to 10km over parallel single-mode ...

The largest feature of DFB laser is a very good monochromatic (i.e. spectral purity). Its line width can be generally within 1MHz and has a very high side mode rejection ratio (SMSR), and can be up to 40 ...
