

With a choice of port-side intake and fan-side intake airflow options to align with cold-aisle and hot-aisle placement in the data center, the 10-Gbps switches are designed for a broad range of ...

The MES6000 series is a high performance aggregation 10G core/aggregation switch engineered for modern enterprise and education networks that require reliable, flexible, and scalable ...

The Edgeworks ECS5500-12P switch is a 10G Ethernet access switch with 8 x 10GBASE-T ports and 2 x 10G SFP+/2 x 10GBASE-T as uplink ports. The switch is ideal for SMB networks as a core switch.

12-Port 10 G Core Switch With 240 Gbps Capacity - GAOTek This Device offers 240Gbps capacity, VLAN, QoS, Security Features, and comprehensive management. Ideal for high-performance ...

Add 10-Gigabit Ethernet connectivity to your network with these cost-effective switches. Designed to work as the network core for small to medium businesses (SMBs) or as an aggregation switch in a ...

As an access device on enterprise networks, the switch can provide GE connections for desktop applications. It can also be used as a core device on small- and medium-sized enterprise networks.

It can meet the demand for high-density and high-bandwidth network applications in next-generation enterprise networks, data centers and MANs, as well as the demand for Ethernet aggregation layer ...

The 10 Gigabit connectivity of L3D-10XGF26-100GF is accomplished via a hot-pluggable 10 Gigabit SFP+ transceiver which supports distance up to 300 meters over multimode fiber and 10 to 40km ...

Search Newegg for 10g core switch. Get fast shipping and top-rated customer service.

L3 managed 10G uplink Ethernet core routing switch with 8\*10/100/1000M RJ45 ports and 12\*1/10G SFP+ fiber ports. Built-in 75W power supply and supports 1U/19" cabinet installation.
