

# Dutch Dual-Core Indoor Tight-Cloth Optical Cable

These cables are OFNR listed for indoor applications. Both the sub-unit jackets and outer sheath contain a UV stabilizer and anti-fungus protection for use in outdoor applications.

Interlock Armored Optical Fiber Cables provide an extremely well protected cable package ideally suited for mechanically challenging environments. The armor is available in aluminum and comes with ...

For indoor use in structured (premises) wiring systems: building backbone (riser) and/or horizontal cabling (Fibre To The Desk). Support all computer network applications such as FDDI, Gigabit ...

Our high-quality fiber optic cabling solutions ensure seamless data transmission.

Patch cords are used for non-permanent connections between patch panels, transmission equipment, etc. Pre-assembled cables allow for the implementation ...

Opti-Core™ Fibre Optic Indoor Cable, 2 to 96-Fibres, EuroClass Eca and Dca for EMEA specifications complying with IEC standards for low smoke / zero halogen (LSZH) and labeled as EuroClass ...

The optical fibre is made of high pure silica and germanium doped silica. UV curable acrylate material is applied over fibre cladding as optical fibre primary protective coating. The detail data of optical fibre ...

With global standards compliance and a wide choice of fiber counts, jacket options, and bend-insensitive SMF/MMF, we provide the right indoor optical cable for every rack, room, and riser.

Patch cords are used for non-permanent connections between patch panels, transmission equipment, etc. Pre-assembled cables allow for the implementation of complete Plug & Play solutions.

Lightem offers a board variety of fiber optic cable for all indoor access and structure cabling application such as simplex, duplex, tight buffer, distribution, breakout and ribbon cable.

Indoor FTTH cables have the same function as common indoor fiber cables, but also have some special features. FTTH indoor cables are smaller in diameter, water-resistant, soft and bendable. They are ...
