

Choose from SC, LC, APC, and UPC fast connector models. HIGHLIGHT provides flexible solutions for installers and telecom contractors.

CFOFC makes fast fiber optic connectors that are easy to install and very reliable. They are great for telecom networks and security systems, saving you time on site. We have LC, SC, MPO, and other ...

The FC Drop Cable Optic Fiber Connector is a high-performance termination solution designed for drop cable deployments in FTTx (Fiber-to-the-X) networks, telecom access points, and ...

The NWC Quick Assembly FC connector can provide a quick and easy termination of fibers in the field. Both FC singlemode and multimode connector options are available for 900 micron and 3mm drop ...

This advanced process yields true APC performance for SC/APC and LC/APC configurations. FUSEConnect is compatible with Fujikura fusion splicers and most other fiber holder-based fusion ...

High-performance FC/APC fiber optic fast connector with 0.2dB insertion loss, quick installation, and no polishing needed. Ideal for FTTH networks.

Terminate fiber in seconds with our Field Assembly Fiber Optic Connectors. Also known as Fast Connectors or Quick Connectors, these pre-polished, mechanical splice solutions allow for rapid, low ...

The FC Drop Cable Optic Fiber Connector is a high-performance termination solution designed for drop cable deployments in FTTx (Fiber-to-the-X) ...

The SC/APC fast connector are factory pre-polished, field-installable connectors that completely eliminate the need for hand polishing in the field.

Designed to simplify the connection process, these connectors allow technicians to quickly and securely terminate optical fibers, using a mechanical splice or fast-connect technology to ensure minimal ...

Fiber Optic quick Connector FC /UPC Fast connector is widely used in places where rapid connection is required on the construction site. And this fast connector FC APC is the most common model. FC ...

Terminate fiber in seconds with our Field Assembly Fiber Optic Connectors. Also ...
