

From fiber blowing and subducting to trenching, directional boring, and pole attachments, our teams offer high quality fiber deployment and OSP construction services including maintenance and ...

Installation is similar to installing a messenger wire except it also includes a fiber optic cable that requires careful handling like any other fiber optic cable.

FIBERLIGN Repair Rods are designed to repair the outer mechanical strand members of the OPGW cable. Repair Rods are not an optical repair product and are not designed as splices for all-metal ...

We specialize in emergency restoration of fiber optics installations all over the west coast, including work for Google, Verizon, Time Warner, and the San Francisco Bay Area Rapid Transit (BART).

Deploying fiber above ground on poles or towers removes the need for underground digging and is particularly useful when the ground is uneven, rocky or both. Aerial installation is generally much less ...

We specialize in emergency restoration of fiber optics installations all over the west coast, including work for Google, Verizon, Time Warner, and the San Francisco ...

Identifying the root causes of fiber optic cable damage is the first step toward prevention and effective repair. Common issues stem from physical, environmental, and human factors, often ...

With 70 years of combined experience in the fiber industry, our technicians are trained with the "best industry practices" and equipped with the latest and most advanced equipment.

Professional fiber optic splicing services in California with complete OSP overhead construction, strand deployment, pole engineering, splicing, testing, and full QA processes engineered to support ...

Fiber optic cable sequential numbers are required at each pole location and vault wall. Sequential numbers will identify conduit length, and slack left in vaults and at poles.

We are experts with testing and trouble-shooting, ring cuts, in-service hot cuts and emergency restoration. Performing our duties in a safe and efficient manner is a MAIN priority. We maintain all ...
