

Fiber Optic Network Switch 8 Fiber Optic 16 Electrical

The Managed Ethernet Switch is a smart managed switch that offers eight (8) 10/100Base-T(x) RJ-45 TCP ports together with sixteen (16) 100Base-FX fiber connectors.

Developed for long distance fiber installations. Equipped with eight SFP+ ports, two additional SFP28 ports and one RJ45 console port for configuration. With AXIS D8308 Fiber Aggregation Switch you ...

The BP-SWM8G8F01 is a full gigabit managed Ethernet fiber switch. It has 8*10/100/1000Base-T RJ45 ports and 8*100/1000Base-X SFP fiber slot ports. Each port can support wire-speed forwarding.

This managed switch comes with Ethernet TCP/IP protocol. It comes with 8 copper cable transmission ports and 2 ports for multimode fiber optic. It provides simple and complex connectivity for multiple ...

Available in 8- and 16-port connections, the installation switch combines a PoE network switch with a patch panel capable of landing networking cabling (UTP and fiber) in a convenient wall-mount ...

Discover fiber switches designed for reliable network connectivity. Browse 10G, 2.5G, and gigabit options to expand your bandwidth.

The Fastcabling 8 Port Fiber Optic SFP switch features 8 * 1Gps SFP ports and 2 gigabit uplink RJ45 ports. It can be used as a central management for multipoints IP devices at different locations.

With high integration, rich functionality, and ease of use, it showcases the highest standards in the industry. It includes 16 Gigabit electrical ports and 8 Gigabit optical ports, making it particularly ...

We offer solutions that provide seamless transmission and conversion from Ethernet media to multimode or singlemode fiber. Our Ethernet network switches with fiber ports comes in managed or ...

Our 8-port fiber switch offers stable performance and excellent quality. It is ideal for a small optical ethernet and optical networks with specialist needs.
