

Fusion Splicer Fiber Optic Equipment Manufacturer

Fujikura Ltd. leverages over 40 years of development expertise to provide high-quality and reliable fusion splicer. Our products are equipped with multiple features that ensure reliable splicing quality.

State-of-the-art fiber optic specialty fusion splicers and fusion splicing solutions from FITELE and 3SAE Technologies.

AFL Fusion Splicers provide you with the precision and reliability you need to splice your fibers. We offer a wide range of fusion splicers to choose from, including benchtop fusion splicers, field fusion ...

Specialized Products offers brand name AFL Fujikura fiber fusion splicers for single fiber and ribbon fiber. Whether looking for a low cost version, or the world's fastest core alignment fusion splicer, AFL ...

Fiber Instrument Sales has a wide variety of fiber optic splicing equipment such as fusion splicers from AFL, Sumitomo, FITELE, and FIS. FIS also splicing tools and accessories such as cleavers, thermal ...

We offer a fiber cleave analyzer for interferometric measurements of bare fiber. Our visual inspection system and scanning white-light interferometers (SWLI) enable detailed measurements of the ...

Fiber Optic Center has fiber optic splicing equipment, including splicers, cleavers, protection sleeves, mechanical splicing tools and more. We distribute fiber optic splicing equipment from Corning, AFL, ...

Silica Communications specializes in fiber optic communications infrastructure materials, fusion splicing equipment, and test and measurement tools. We pride ourselves in industry leading product ...

Manufacturers" representatives of electronic test equipment, tools, controls, fiber optic cleaning supplies, battery testers, optical fault locators, portable and fixed gas detectors, ...

GAO's fiber fusion splicers are used in the field of fiber optics to join or splice two optical fibers together. Our product is an essential tool for creating a continuous and low-loss connection between two fiber ...
