

We manufacture a complete selection of premium quality products including fiber optic splitters, optical WDM, fiber optic circulator and many other active optical components.

- Tightly-jacketed fiber for easy peel-off use - Good flame-retardant properties of tight-fit fibers - Aramid reinforcement for excellent tensile strength of optical cables - The outer protection material is ...

Super flexible and highly elastic spiral telephone cable can be mobile use and won't snap and break off when pulling and stretched.

FTTH Anti-Mouse Drop Cable can effectively prevent the cable from being bitten by mice. At the same time, this design improves the mechanical performance of the optical cable and protects the optical ...

The optical-electrical hybrid cable is a mixed-type cable that integrates fiber optics and conductive copper wires, allowing a single cable to simultaneously address data transmission and power supply ...

GL FIBER's FTTH fiber drop cables include GJYXCH, GJYXFCH, GJYXKCH, GJXFH, GJXH, GJXKH, GYFXTBY, GJFJU (TPU), etc. As well as a variety of fiber optic cable according to ...

The GJXKH Metal Butterfly Lead-in Fiber Optical Cable (FTTH Drop Cable) features metal reinforcement for high tensile strength, designed for Fiber-to-the-Home ...

The GJXKH Metal Butterfly Lead-in Fiber Optical Cable (FTTH Drop Cable) features metal reinforcement for high tensile strength, designed for Fiber-to-the-Home (FTTH) networks.

Silicon Valley-based Opticlarity is one of the few actual production companies located in the USA focusing on passive custom optical interconnect solutions such as cables and boxes. Opticlarity is an ...
