

S3200-8MG4S-U 8-port managed PoE+ switch is equipped with 8x ...

Build a smarter wired network with our 8 port switches. Explore PoE and multi-gig options across managed and unmanaged models. Find the right one for your setup now.

Managed 8-port Layer 2 PoE+ switch with 4 SFP slots expands your Gigabit ...

Managed 8-port Layer 2 PoE+ switch with 4 SFP slots expands your Gigabit network in industrial environments, including mines, military bases and oil/gas sites.

The TT-WM8-4G-4GP+ from Transtector is a gigabit, PoE+ capable, 8 port industrial Ethernet switch that offers a cost-effective, PoE friendly solution for connecting devices over a triple speed network.

Combines 8 copper Gigabit ports with 4 SFP fiber slots in a compact design, enabling seamless integration of copper and fiber networks while eliminating the need for separate media converters.

BL169GM-SFP is a network managed industrial Ethernet switch that complies with ...

Product description The new 8 ports 1G/10G desktop Ethernet switch provides seamless network connections, integrating Gigabit Ethernet and 10G Ethernet network via fiber.

S3200-8MG4S-U 8-port managed PoE+ switch is equipped with 8x 100/1000/2.5GBASE-T ports, 4x 10Gb SFP+ uplinks. 8x RJ45 ports support both IEEE 802.3af/at for powering attached IP phones, ...

EtherWAN EX87000 is a fully managed 28-port switching platform for mission-critical and harsh environments. With robust management features and self-healing technology, it's IEC 61850-3, IEEE ...

BL169GM-SFP is a network managed industrial Ethernet switch that complies with FCC, CE and RoHS standards. Support 4 gigabit optical ports and 8 gigabit electrical ports;

Discover fiber switches designed for reliable network connectivity. Browse 10G, 2.5G, and gigabit options to expand your bandwidth.

This switch has eight 10/10/1000-Mbps PoE/PoE+ copper ports and four SFP ports for uplinks. This way you can power distant access points, security cameras, and other industrial equipment over the ...
