

High-Temperature and Low-Temperature Resistant Optical Cable Manufacturers

Cicoil Coaxial Cables excel in high temperature applications. Our patented extrusion process encapsulates shielded, low capacitance conductors in flame- and, heat-resistant Flexx-Sil(TM) clear ...

AFL offers specialty fiber cables which deliver predictable, repeatable and durable performance in the most demanding conditions, including those where high ...

Our high temp fibers are designed for applications that require improved fatigue resistance, high usable strength, and resistance to and hydrogen permeation.

Explore 19 top manufacturers and suppliers of High-Temperature Fiber Optic Cable in our comprehensive photonics buyers" guide. OEM manufacturer of multimode step-index fibers, fiber ...

AFL offers specialty fiber cables which deliver predictable, repeatable and durable performance in the most demanding conditions, including those where high temperatures, chemicals and radiation exist.

Explore how to select the right fiber optic cable for challenging environments including high temperatures, extreme cold, salt spray, humidity, underground ducts, and direct burial.

High temperature resistant optical fiber for harsh environments. Withstands extreme heat for industrial sensing, laser delivery, and medical applications.

FiberTech Optica manufactures fiber optic cables for harsh environments, resistant to heat, pressure, and severe industrial conditions. Contact us!

Grounding, static, control, fiber optic, low voltage, and armored cables are also offered. Features include flexible, corrosion, chemical, heat, and weather resistance.

Among them are two plastic optical fiber cables that can accommodate operating temperatures above 100 degrees C. If you have a specialized application, we can help turn your concept into reality. Just ...

Find your high-temperature optical cable easily amongst the 11 products from the leading brands (Avantes, Endeveco, Pavone sistemi, ...) on DirectIndustry, the industry specialist for your professional ...
