

High-density integrated power cabinet low noise in stock

Highest air-cooled density at 100kW, ready for liquid cooling integration to scale beyond 1MW+. Every unit comes with built-in DCIM software for real-time monitoring and predictive control, delivering a ...

Sysracks soundproof cabinets reduce equipment noise by up to 36 dB (A), allowing you to deploy servers and network gear directly in offices, studios, or control rooms without noise disruption.

As a dedicated equipment supplier for the national grid, CONSNANT offers outdoor integrated power supply cabinets designed to meet the unique environmental and operational ...

This Hdm62004T311 is a single meter enclosure with integrated 480V 3-phase PowerLogic ION6200 power meter.

Explore nVent's range of high AMP PDU products tailored for AI applications. These solutions offer robust power capabilities, ensuring that your critical systems remain operational and efficient.

A 48U liquid cooled server cabinet can support high-density, high-performance GPU servers, especially those designed for AI training, deep learning, and HPC workloads.

Our unique cable and connectivity expertise is central to the design of this feature-rich Rack & Cabinet system, which offers ease of installation, easy MACs and high levels of scalability. There are data ...

Infineon's 12 kW high-density PSU reference design combines Si, SiC, and GaN technologies to deliver exceptional efficiency and power density. Ideal for AI data center and server power racks, it supports ...

Q: Do you have these products in stock? A: We maintain a large inventory of these products, but we cannot guarantee that they will be in stock when you place your order.

Integrated metal case not only offers excellent structural integrity but also acts as a noise dampener, providing a quiet computing experience. ??Ultra-Practical Dustproof Design?---High-Density Metal ...

Tailored for modern data centers and enterprise IT rooms, the Data Center High-Density Rack-Mount Power Cabinet is designed to support equipment density, efficient airflow management, and ...
