

High-voltage composite optical cable manufacturer

Tiankang Group's Optical-Electrical Composite Cable integrates optical fibers and power conductors in a single cable, enabling simultaneous data and power delivery.

Hunan Shuanglin Communication Technology CoLtd. designs manufactures, and markets all kinds optical fiber cables for outdoor and indoor communication transmission ...

As the world's largest producer of telecoms cables, supporting the infrastructures of many of the world's leading telecoms operators, the Prysmian Group delivers optical fibre and copper cabling solutions ...

Engineered for lightning protection and stable communication across 110kV-500kV lines. Backed by strict IEC/IEEE standards. Abptel, as a leading manufacturer of OPGW (Optical Ground Wire) ...

Find your composite optical cable easily amongst the 16 products from the leading brands (CORNING, LAPP, Cavicel, ...) on DirectIndustry, the industry specialist for your professional purchases.

Since 1987, Epsilon Composite is a pioneer and world leader in high performance composite materials thanks to the pultrusion process.

HENGTONG has invested and established world-class production bases for extra-high-voltage electrical cables and undersea cables, and introduced a full set of world's top equipment for extra-high-voltage ...

Photoelectric composite cable (OPLC) is to place the protected optical fiber unit in the power cable, which can be used in power systems with rated voltage of 0.6/1KV and below. It integrates optical ...

In the field of information and communication, ZTT is dedicated to building the integrated industrial chain of optical fiber preform, optical fiber and fiber optic cable to provide customers with systematic end-to ...
