

With multiple industry-leading intellectual properties and patents, Huawei provides more than a hundred switch models in more than 10 series, including access, aggregation, and core switching.

Newly launched modular switches tailored for the AI era, providing ultra-high-density port options ranging from 100GE to 400GE, supporting enterprises in building ultra-large-scale intelligent ...

Thunder link offers various models of Huawei Ethernet switches and network switches, including the S5720, S6720, S6730, CE6800 and CE12800, designed for data centers and campus networks.

10G case-shaped switches. The S6700 has an industry-leading performance and provides up to 24 or 48 line-speed 10GE ports. It can be used in a data center to provide 10 Gbit/s access to servers or ...

The CloudEngine S6730-H-V2 series offers a range of next generation 10 GE routing switches with 24, 28, or 48 downlink ports plus 6 x 40 GE uplink ports -- which ...

CloudEngine S16700 series switches are flagship core switches with record-high performance designed for high-quality 10 Gbps campus networks. This series stands out for ultra-fast forwarding capability ...

For small- to medium-sized businesses and Internet cafes, the energy-saving Ethernet access switches with rich service features are easy to install and maintain.

Realize wired and wireless convergence from access to core, manage up to 10,240 APs with a single switch, and achieve simplified O& M with unified user authentication.

The CloudEngine S6730-H-V2 series offers a range of next generation 10 GE routing switches with 24, 28, or 48 downlink ports plus 6 x 40 GE uplink ports -- which can be expanded to 100 GE through ...

The S6700 can function as a core switch on a campus network. The S6700 has industry-leading performance and provides line-speed 10GE access ports and line-speed 40GE even 100GE uplink ...

Huawei campus switches are ideal for building future-proof campus networks with simplified management, high reliability, and service intelligence, across industries such as enterprises, ...
