

Explore our selection of industrial fiber optic switches for reliable and efficient network connectivity. Our industrial fiber switches are designed for durability and performance in harsh environments.

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting.

The ONV-IPS53064FM is a Gigabit Easy managed industrial Ethernet fiber switch independently developed by ONV. It has 4*10/100/1000Base-T adaptive RJ45 ports and 2*100/1000Base-X uplink ...

Built to endure the demanding conditions of factories, transportation infrastructure, grid substations, and other harsh environments, Cisco Industrial Ethernet switches come in a wide range of form factors to ...

Industrial Ethernet Switches from AutomationDirect. Your source for industrial unmanaged and managed switches and ethernet accessories.

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to ...

What is very important in fibre optic switch technology, our devices can also easily cope with environments with high electromagnetic discharge. Depending on the type of fibre optic switch, ...

Explore industrial fiber optic Ethernet switches from a direct manufacturer. SFP, single-mode and multimode fiber switches available in unmanaged and managed designs. OEM, wholesale, and ...

Our Industrial network switches offer Power over Ethernet (PoE) support as well as multiple fiber ports that can be connected to different nodes. Our switches feature to store and forward type function.

Discover fiber switches designed for reliable network connectivity. Browse 10G, 2.5G, and gigabit options to expand your bandwidth.
