

NuScale joins TVA and ENTRA1 Energy in advancing a groundbreaking 6-GW SMR program, ensuring reliable, carbon-free power for the future of TVA's seven-state region. We're setting new standards in ...

Here are the names of the SMRs being developed by each company on the list of 20: Note that this is not an exhaustive list, and there are other companies and organizations that are also developing SMRs.

This overview spotlights the top 36 microgrid companies making waves through rapid innovation, as explored in the Microgrid Market by Technology, Power Source, Component, Power Rating, ...

While the SMR market is full of many innovative companies, here are ten small modular reactor companies to look out for as we enter the new year. X-Energy is a private nuclear reactor ...

Are you ready to discover more about the small modular reactor (SMR) market? The report provides an in-depth analysis of the leading companies operating in the global small modular reactor (SMR) market.

This article has been updated to include ten of the world's leading small modular reactor companies. Small modular reactors (SMRs) are disrupting conventional notions surrounding nuclear ...

As global energy needs surge and climate deadlines loom, our investigation reveals how five pioneering companies--X-Energy, NuScale, Rolls-Royce SMR, Holtec, and GE Hitachi--are racing to deploy ...

SMRs, with their modular construction, advanced safety profiles, and adaptability, are revolutionizing nuclear energy, enabling applications ranging from decarbonizing coal-reliant regions ...

Leveraging proven technology and extensive investment, the NuScale Power Module is the only small modular reactor (SMR) technology on the market that is approved by the U.S. Nuclear Regulatory ...

Here we highlight the top 10 companies leading the modular data centre revolution, ranked by market leadership, innovation, global scale and strategic focus. Whether through ...
