

Investment in a pigtail connector production line

Whether upgrading home circuits or automating production lines, our team delivers tailored solutions for your electrical needs. Trust our expertise to secure your systems with precision-engineered bridging ...

Improve output with smart pigtail production line solutions. Experience durability and precision, perfect for big-volume production.

We are dedicated to providing you with high-quality, high-performance Pigtail connectors, helping you improve product quality and production efficiency. Choose us, and choose a professional ...

Whether it's a single wire lead or a 1,000-circuit assembly, our team supports your unique production requirements with cost-effective and quality-driven manufacturing.

A fiber pigtail is a single, short, usually tight-buffered, optical fiber that has an optical connector pre-installed on one end and a length of exposed fiber at the other end.

The accomplishment of each line is fundamental in the provision of reliable and performant fiber optic networks. Our production line also incorporates all the necessary equipment ...

With our connector assembly lines, you can count on reliable, high-quality production. Thanks to our extensive experience of al-most 50 years, we are able to ofer customized solutions for your individual ...

Complete fiber cable manufacturing systems. Polishing machines, curing ovens, IL/RL testers. Start your production line with expert training & technical support.

Traditional Fusion Splice-On Connectors with pigtails provide factory-polished performance with field-termination convenience within harsh environments. Mass fusion splicing can fuse up to all 12 fibers ...

Our Fiber Optic Patch Cord Production Line equipment includes everything needed to manufacture high-quality patch cables and pigtails: from cable making machines and pneumatic crimpers to precision ...

Factory-crimped pigtail connectors that eliminate field termination errors and accelerate your assembly line. Pre-terminated leads with pull-force validated terminals, ready to plug in from the box.
