

We are active in the fiber sensing technology more than 7 years. Together with key scientists from the academy and our worldwide partners like Omnisens, we already implement and running right now ...

Israeli AI-driven large-scale infrastructure monitoring company Prisma Photonics today announced the completion of a \$20 million Series C financing round led by Insight Partners, with...

We provide fiber optic network design for engineering remote sensing projects. The fiber core can be made of plastic or glass. Call at (+972) 072-250-5555.

Detailed info and reviews on 16 top Sensors companies and startups in Israel in 2026. Get the latest updates on their products, jobs, funding, investors, founders and more.

Discover all relevant Sensor Manufacturers in Israel, including Accurate Sensors Technologies and Senseer

El-GeV Electronics Ltd. is a leading sales representative/distributor for manufacturers of Electronics, Fiber-Optics & RF/Microwave components/modules as well as T& M systems and Embedded ...

IL Photonics imports and sells a broad range of Fiber Optic products in Israel. The following display presents our suppliers in this category, highlighting the main features of their products.

Our sensors are manufactured in several countries: Israel, Czech Republic, South Korea, Spain or Thailand, depending on our customers' requirements, and deployed on all 5 continents.

This article showcases our top picks for the best Israeli based Sensor companies. These startups and companies are taking a variety of approaches to innovating the Sensor industry, but are ...

This page features a complete list of companies within the Sensors category, and whether or not they are from Israel or has ties to it. If you are looking a complete list of companies - regardless of the ...

Complete infrastructure and expertise for custom development of coherent light sources and fiber-optic based sensors. System level integration group is available for higher level solutions.
