

Italian optical cable winding tube 800mm deep

With the motor-driven cable winding machine for rings and spools up to max. 800 mm outer diameter, winding materials can be wound, measured to length and cut off at the same time. Convinces with its ...

Cutting-edge equipment to helically wrap and unwrap polyamide tapes around rubber hoses and cables, characterised by a high productivity rate along with ease of use, always maintaining an excellent ...

Salcavi Industries is an Italian electrical cable company, manufacturer, supplier & exporter of multiple type of wires connectors, special cable, single & tri rated cables, high temperature cables in PVC, ...

TVN Tech winding machines produce tubes and spirals from plate strips with adjustable spindle speed, versatile pins, and optional manual operation.

Optical fibres are housed in a loose tube that is made of high-modulus plastic and filled with tube filling compound. The tube is surrounded with dry water blocking materials and armored with aramid yarns.

The high-precision solution for the automated unwinding, winding and rewinding of a wide variety of coil shapes, round and flat wires, foils, tapes and fibers. ...

We develop specialised cables with chemical and thermal resistance for the most critical installations. Power, signal, and fibre optic transmission in a single cable -- maximum versatility for ...

It works equally well with optical fiber, fine wires, or other fine filaments. Its unique tabletop design allows it to be configured with many standard options or easily customized to meet very specific winding ...

It provides an extra layer of protection against abrasion ensuring the longevity and integrity of the cables. It also improves organization of cable bundles, strain relief, and protection against tangling, making it ...

800mm long aluminium tube with 25mm diameter.

The high-precision solution for the automated unwinding, winding and rewinding of a wide variety of coil shapes, round and flat wires, foils, tapes and fibers. Automatically traversing bobbin with opposing ...

It handles cables with diameters from 2 to 12 mm and spools between 300 and 800 mm, with a maximum width of 600 mm and a weight capacity of up to 800 kg. The machine operates at speeds ...
