

Manufacturer of Two-Core Bundled Optical Cables

IDIL designs and manufactures custom optical fiber assemblies, including cables, patch cords, bundles, and probes for industrial applications. Contact us!

This fiber bundles buying guide provides technical background, comparison of major types, selection criteria, and an overview of suppliers.

Custom-assembled optical fiber bundles for laser, sensing, and UV applications - precise light distribution and reliable beam guidance for demanding environments.

Our stock fiber optic bundles are terminated with SMA905 connectors and are offered with high OH fiber, low OH fiber, and our mid-IR fluoride optical fiber (for 285 nm - 4.5 μ m). Our bifurcated optogenetics ...

FiberTech Optica manufactures custom fiber optic bundles for distributing and shaping light in spectroscopy, laser, and instrumentation applications. Contact us!

A fiber bundle is an assembly of 2 or more optical fibers in a sleeve or with a connector attached to the ends of the bundle.

CommScope designs and manufactures a comprehensive line of fiber optic cables--from outside plant to indoor/outdoor and fire-rated indoor fiber cables.

Learn about the different types, features, and selection criteria for fiber optic cables. Tyclon provides a comprehensive guide to help you choose the right cable for your network, telecom, or industrial needs.
