

Manufacturer of low-noise cold aisle fiber protection tubing

Manufactured to meet ASTM C534 requirements, elastomeric insulation helps prevent pipe sweating, reduce energy loss, and protect mechanical systems operating in below-ambient conditions. Its ...

By creating a physical barrier between cold supply air and hot exhaust air, containment solutions prevent airflow mixing and deliver over 95% airflow efficiency under normal operating conditions.

Pegasus Supply Group's, Thermosleeve-usa offers a full line heat shrink, cold shrink and tubing designed for wire protecting. Our products are manufactured to meet the highest quality standards ...

Cool Shield(TM) products provide customers with versatile, turnkey aisle containment systems for new or existing critical spaces. Our offerings range from a single row in a server room to entire data center ...

We provide the best solution to eliminate hot and cold air from mixing between aisles regardless of rack configuration and other design challenges. Whether it's live environment or new construction, ...

Polyethylene closed cell insulation tubing, ideal for insulation of cold and hot water supply piping. Everything you need for the installation of our insulation products.

Whether implementing hot-aisle or cold-aisle containment, we are dedicated to delivering reliable, precisely fitted products. WindChill Engineering launched in 2012, building on more than four ...

Following a collaborative, customer-driven approach, we provide the best containment options for each project. Whether ceiling hung or integrated with aisle structure, our containment solutions are ...

At NexGen Manufacturing, we specialize in the design and production of Data Center Aisle Containment components, engineered to meet the unique demands of facilities ranging from small-scale ...

As a manufacturer, distributor, and fabricator, our products are used worldwide in mechanical, thermal and acoustical insulation projects. With over 60 years of experience and over 2,000+ products and ...
