

Non-intelligent power distribution cabinet retrofit solution

To support power distribution requirements in network and server racks and cabinets, Legrand manufactures a range of Power Distribution Units (PDU) to meet the needs of your installation.

The PXO-line of compact, intelligent power distribution units (PDUs), provides visibility and control to locations that are not readily available by IT personnel.

When you use a Smart Power Distribution Unit with plug-and-play design, you do not need advanced technical skills or specialized tools. The system comes ready to install, so you can connect ...

The PDI PowerPak PDU ensures advanced protection for non-linear loads by integrating electronic grade grounding, isolation, distribution and power monitoring in a single, self-contained cabinet.

The OSP Retrofit Power System enables these legacy cabinet power plants to be upgraded to modern rectifiers and controller technology, while leaving the distribution, shelves and frame in place.

Providing reliable and cost effective power distribution, the Basic PDU offers IEC outlet grips, tool-less installation in server racks, color-coded outlet sections and a high operating temperature.

With its globally compatible design and universal input capability, our solution serves as a versatile, all-in-one cabinet solution that merges protection, isolation, and power distribution into a single, efficient ...

With some of the highest outlet densities and the smallest form factors available in the market, your cabinets will be functioning at their most resourceful state. Quickly select and configure your own ...

The cabinets are suitable for all applications, ranging from basic monitoring functionality to more advanced solutions with accurate measurements and protection of the assets.

Designed for high-density applications such as AI workloads, this power conditioning and distribution cabinet delivers the performance and reliability of a custom-engineered system with the efficiency ...

The PDI PowerPak PDU ensures advanced protection for non ...
