

Surepure Chemetals sells both platinum-rhodium and pure platinum conforming to the ASTM E1159 specification for Thermocouple Materials, Platinum-Rhodium Alloys, and Platinum.

Surepure Chemetals has been in business for over 35 years. We sell pure platinum wire, platinum-iridium wire, platinum-rhodium wire, as well as other precious metals and other forms (e.g., sheet, ...

The Platinum Rhodium (PtRh) Wire will be carefully placed in wooden cases or ...

The Platinum Rhodium (PtRh) Wire will be carefully placed in wooden cases or cartons, with additional support from soft materials, to prevent shifting during transportation.

Platinum Rhodium Wire has good electrical, thermo-electric properties Various compositions including 10% rhodium, 20% rhodium, 30% rhodium, and custom compositions.

Explore all of our products under Platinum/Rhodium. It looks like we've run into a problem, but you can still download Certificates of Analysis from our Documents section. Already Own This Product? Find ...

Surepure Chemetals has been in business for over 35 years. We sell pure platinum wire, platinum-iridium wire, platinum-rhodium wire, as well as other precious ...

Platinum 10 wt% Rhodium wire, 0.203mm (0.008in) dia, ISA Type S Standard Grade Thermocouple. This Thermo Scientific Chemicals brand product was originally part of the Alfa Aesar product portfolio.

Equipped with rich knowledge and experience in this field, MetalsTek Engineering is a leading thermocouple wire supplier across the world and has been providing high-quality Platinum-Rhodium ...

Platinum Rhodium Alloy Spooled Wire (Pt60/Rh40) combines high-temperature oxidation resistance, mechanical strength, and excellent electrical conductivity in a continuous, manageable wire format.

American Elements Platinum Rhodium Wires in various dimensions and proportions of rhodium such as 10%, 20%, and 30%.

The Omega SPPL Series offers high-quality bare thermocouple wire made with noble Platinum-Rhodium alloys for demanding temperature measurement applications.
