

Pole-mounted fiber distribution box processing plant

Providing distribution scalability from 12 to 864 ports, network architecture can be maximized for both existing subscribers as well as future growth opportunities.

Fiber Distribution Hubs (FDH) are a weatherproof family of metal enclosures for outdoor use which can be pole, wall or pad mounted. The FDH is configured as a high density modular cassette PON ...

The FDH is configured as a high density modular cassette PON solution for up to 432 customer service drops. Flexible design and options support a wide range of ...

The Pole Mounted FTTA 10 Cores Pre-Connected Fiber Optic FAT CTO Box is built for fast, stable, and weather-resistant fiber deployment in FTTA, FTTH, and outdoor wireless networks.

The Pole Mounted FTTA 10 Cores Pre-Connected Fiber Optic FAT CTO Box is built for fast, stable, and weather-resistant fiber deployment in FTTA, FTTH, and ...

Designed, tested and certified to Telcordia GR-3125. The FieldSmart FDH PON Cabinet line is the complete solution for managing 12 to 864 port distribution fibers for an outside plant FTTx PON ...

Every enclosure is built at our facility in Strafford, Missouri, using U.S.-sourced components wherever possible, and every fiber integration is performed by FOA-certified technicians in our dedicated clean ...

Fiber Distribution Hubs (FDH) are a weatherproof family of metal enclosures for outdoor use which can be pole, wall or pad mounted. The FDH is configured as a high-density modular cassette PON ...

We have more than 10 years in offer FTTx deployment. We are offering customization service for our guest from the request, to CAD design, sample preparation and massive production.

With our wide selection of fiber optic cabinets and customization options, we can meet your needs. Feel free to give us a call or contact us for more information about requesting a quote for our fiber optic ...

Feeder and distribution cables are routed in and out the back of the cabinet and transition up the pole for aerial applications or may route from the bottom of the cabinet for buried applications.

Clearfield's FieldSmart Fiber Distribution Hub (FDH) PON Cabinet family provides an interconnect environment from the feeder network through the optical passive splitter to the distribution network.
