

Leviton fiber optic pigtail kits are a good solution for mechanical or fusion splicing applications. Available in a range of multimode and single-mode fibers with SC, ST or LC connectors. Our premium pigtails ...

No fiber network is complete without the proper hardware, and having the right pigtails is only one step. Make sure to browse our selections of fiber rack mounts and adapter panels to safeguard and ...

We supply ST fiber optic pigtails, including the single mode and multimode types, These fiber pigtails are most commonly made with 900µm tight buffer cable and are available in multi-color 12 pack of ST ...

Available in all connector types, Century Fiber Optic pigtail assemblies are available in 6 and 12 fiber arrays that are color coded, cut to 3m length and factory tested with test data sheets included.

These pigtails feature premium-grade jackets and are equipped with LC, SC, ST, and FC connectors, typically with a 0.9mm outer diameter cable. Additionally, we provide options for simplex and duplex ...

FiberMania manufactures high-performance ST pigtails designed for legacy telecommunications networks, industrial fiber optic systems, military applications, and optical testing equipment.

Our 40,000m² factory produces high-quality single mode and multimode OFC pigtail products in standard LC, SC, FC, and ST interfaces, serving data centers, FTTx, and telecom applications with reliable ...

Pigtails are used for non-permanent connections in patch panels, transmission equipment etc. Factory assembled pigtails allow for high quality termination of a network.

High-quality fiber pigtails with pre-terminated connectors on one end and exposed tight-buffer fiber on the other. Available in single-mode and multimode (LC, SC, FC, ST), customizable, factory-tested, ...

Find high-quality fiber optic pigtails for reliable network termination. We offer a full range of single mode and multimode pigtails with SC, LC, ST, and FC connectors.

FS fiber optic pigtails offer a fast way to make fiber optic communication devices in the field by fiber splicing, fully manufactured and tested by industrial standards.
