

Get OS2 single mode duplex fiber patch cables for 1G/10G/40G/100G/400G Ethernet fiber connections to transport data up to 10km at 1310nm and 40km at 1550nm.

It can be used for all speed types of LC Single Mode transceivers, currently up to 100gb. They are IEC-61754 and EIA/TIA 604-2 ...

Discover high-quality single mode fiber optic cables for data centers, telecom, and enterprise networks. Find LC, SC, and ST connectors in various lengths.

These fibers enable single mode transmission from 780 - 970 nm and feature an acrylate jacket. These fibers have exceptional core/cladding concentricity which reduces insertion and bend losses.

It can be used for all speed types of LC Single Mode transceivers, currently up to 100gb. They are IEC-61754 and EIA/TIA 604-2 compliant for usage in high speed cabling networks. Every fiber optic data ...

QSFP28 transceiver that supports 100G connections up to 10 km using single-mode fiber with a duplex LC UPC connector.

This duplex singlemode 9/125 OS2 cable is an ideal choice for 100G Ethernet applications up to 50 meters (164 feet) at 1310 nm. It is also backward compatible with 10 Gb, 25 Gb and 40 Gb networks, ...

This duplex singlemode 9/125 OS2 cable is an ideal choice for 100G Ethernet ...

100G OS2 Single-Mode Fiber Cables are the highest performing fiber optic cables currently available, with further distances than multimode specifications. OS2 fiber can transport data at 100G for up to ...

SIMPLEX OS2 CABLE: Single Mode Simplex OS2 Fiber Cable is immune to EMI and optimized for 40G/100Gbps networks; Supports bi-directional (BiDi) transmission over a single fiber; Ideal for ...

QSFP28 transceiver that supports 100G connections up to 10 km using single ...

Explore 100G single mode QSFP28 module types by distance, cost, and use case to select the best fit for data center, metro, or long-haul networks.

Explore the world of 100G QSFP28 single mode transceivers, including LR4, ER4, ZR4, and PAM4 variants. Learn about their specifications, applications, and how to choose the right ...
