

With the features of the low cost, low power consumption and low latency, it is an alternative to optical transceivers for short reach links in high-speed interconnect applications such as Data Center, HPC ...

Philisun offers high-performance DAC Cables from 1G to 800G, including Direct Attach Copper solutions with SFP+, QSFP28, and QSFP-DD connectors. Designed for low-latency, short-reach links in data ...

The high speed cable assemblies meet and exceed Gigabit ...

As a professional Direct Attach Cables (DAC) supplier, Our Direct Attach Cables (DAC) represent the ideal solution for short-distance, high-speed data transmission in modern networking environments.

This is an MSA compliant 1000Base-CU SFP to SFP direct attach cable that operates over passive copper with a maximum reach of 1.0m (3.3ft). It has been programmed, uniquely serialized, and data ...

Upgrade your network switches with various 1G SFP DAC. Guarantee compatibility with Cisco, Arista, HPE and more. Save 80%, Fast shipping & 5-year warranty.

1G DAC cable (CAB-SFP-1M / SFP-H1GB-CU0-5M), factory direct shipping & quality assurance guaranteed.

High-speed Volex Direct Attach Copper (DAC) cables deliver reliable, energy-efficient data transfer for data centers. Customizable, tested and ready to deploy.

With high-speed, high-reliability transmission, FS twinax cables come in different lengths to support different transmission data rates, such as 1G, 10G, 50G, 200G, 400G, 800G.

This cable is compliant with SFF-8472, SFF-8024, and SFP+ MSA. With these features, this easy to install, high speed, cost-effective direct attach copper twinax cable is suitable for short-distance ...

The high speed cable assemblies meet and exceed Gigabit Ethernet and Fiber Channel industry standard requirements for performance and reliability. These assemblies are called "passive" copper ...
