

What are some Austrian manufacturers of temperature-measuring optical cables

Discover all relevant High-temperature Sensor Manufacturers in Austria, including Applied Sensor and ams

Tip: Select a quick entry below to view selected temperature measurement manufacturers by industry.

Sensorik Austria is considered one of the leading specialists for high-performance sensors and fiber optic applications. Proven standards for a wide range of industrial sectors are an important pillar in ...

Manufacturer | Austria: E+E Elektronik is an Austrian sensor specialist in the fields of CO₂, pressure, flow, humidity, moisture in oil, air velocity, dew point and temperature.

The performance temperature range of AS5920 and AS5920M is specified from 20°C to 70°C. Recognized for its technical excellence, the AS5920M has been awarded the 2025 Best of Sensors ...

List of optical-fiber-sensor companies, manufacturers and suppliers near Austria

The company was named Austria Mikro Systeme International Gesellschaft m.b.H. with HQs in Unterpremstaetten near Graz, Austria. In 1983 the Austrian chancellor Fred Sinowatz officially ...

By choosing our solution, you gain accurate temperature monitoring that supports optimal operation, enhanced reliability, and superior protection of your most valuable assets. Contact us and get ...

Fiber Bragg Grating (FBG) temperature sensors enable multipoint measurements over long distances, even in harsh environments, for reliable monitor. Glue-on temperature sensor for diverse surfaces ...

Mahr GmbH is a manufacturer and application specialist in manufacturing measurement technology. The offering includes solutions for measuring length, shape, contour, gearing, and surface...
