

Wholesale of heat-shrink fiber optic splice cassettes

Cleerline(TM) HD Splice Cassettes have a removable transparent cover to allow easy fiber verification. All cassettes include heat shrink tubes for splice protection and cable ties.

Backward compatible to most of our standard 600 series rack, wall, and zone fiber enclosures. Fits a variety of cable applications, including tight buffered, fiber units, micro-distribution, and loose tube.

RLH Fiber Optic Splice Cassettes consist of fiber adapters and pre-terminated fiber pigtails for quick and easy splicing in high density applications. Connector options include LC, LC/APC, SC, and SC/APC ...

Nexconec offers stackable fiber splice cassette designed to safely splice 12 or 24 individual fibers that protect and manage fusion splicing.

Shop our selection of splice cassettes for fiber optic networks. Find durable, high-density solutions for your splicing needs. Bulk orders and OEM available.

Fiber sleeve is a heat shrink sleeve or splice protection tube used to provide mechanical strength protection and environmental sealing for fusion points. It is the "last line of defense" to ensure the ...

Fibers are organized and protected in FiberManager system splice cassettes that permit ready identification and access to all splices. Splice cassettes accommodate fusion, QNC, heat-shrink ...

Discover premium fiber optic splice protection sleeves. Engineered for durability, our heat shrink sleeves ensure long-term protection for critical fusion splices.

Explore CommScope's efficient and scalable fiber splice panels designed for seamless connectivity. Accommodating LC, SC, and MTP/MPO connectors, these panels are ideal for data centers, ...
